709 IN MEMORIAM

IN LOVING MEMORY of Charles Tavenor, born February 5, 1954; died August 10, 2006. Fond are the ties that are broken, Dear is the one that is gone, In memory we shall keep him As long as the years roll on. As we loved him, so we miss him, In our memory he is dear Loved, remembered, longed for always, Bringing many a silent tear. "In silence we remember." Missed by loving family and friends
SOMETIMES
Some time has passed without you
It seems so very long
Sometimes I sit in disbelief your gone.
The crying doesn't help things
Sometimes it hurts so bad.
To carry on a normal life,
Now that I have no "DAD".
I miss your intuition,
Your knowledge, strength, and love
And as I try to carry on
know you watch from above.
Your memory it still lingers
Your voice I hear so clear
Yet you may be so far away
You're with me ever near.
My girls they miss their PaPa
They also cry for you
But that is when I find my strength
To pick up and start anew.
I explain that your are with them and
Never leave their side
You see there every move they make
That you never really died.
For as long as there's a memory
That a person still survives
There soul is kept within our hearts
Their vision in our eyes.
Of all the times we spent here
While you were on this earth
You always stood beside me
Even watched me giving birth.
A father, Husband, Papa,
An Uncle, Brother, Friend.
Your touched so many people
They were with you at the end.
That's what really matters,
That's what keeps us sane,
Thinking of the good times,
And seeing you again.
If I had only just one wish,
On this your special day,
I'll hold you close and tell you,
That "I love you Dad" Please stay.
If only for a little while,
So I can say goodbye,
And tell the girls you love them,
And that they shouldn't cry.
Then I would watch so closely,
As you turn and walk away,
Into the light that keeps you now,
Safe and out of harms way.
So here you have it Daddy,
My feelings put in words.
To tell you that "I love you"
Even though it sometimes hurts.
I miss you and I love you,
I'll see you sometime when,
The time has come for us to be
Together,
Once again.
In loving memory of
"My Dad"
Thomas McAlpine
(Happy Birthday Papa)

Barrie woman pleads Guilty to Animal Cruelty charges under Criminal Code

(Barrie, ON) A Barrie woman has received 2 years probation after pleading guilty under the Animal Cruelty Section of the Criminal Code of Canada a year after her dog suffered a painful death where no medical attention was sought.

In a Barrie court on July 30, 2007, 42 year old Claudia Duri-Partridge received probation that will prohibit her from having custody or control of any animal for 2 years.

On January 3rd 2006, at approximately 11:30am, the Barrie Branch of the Ontario Society for the Prevention of Cruelty to Animals received a complaint regarding a large dog, possibly injured, lying in the driveway of a Peel Street address in Barrie. Two officers responded to the call and upon arrival discovered a large grey Mastiff type dog lying on its side partially covered with a blanket. Upon closer examination, the officers confirmed that the dog was deceased. No obvious signs of injury or trauma were noted, however the abdomen appeared extremely distended.

Ownership of the dog was claimed by Claudia DURIPARTRIDGE of Peel Street, in the City of Barrie. She indicated that her fiancé co-owned the dog. The fiancé has also been charged with the neglect of the dog.

The dog named "Karma" was a spayed female approximately 3 years of age, and was acquired in October 2005 from a "Free to Good

Home" ad. DURIPARTRIDGE indicated that the dog had not been acting "normal" during the evening of December 31st 2005 and that the dogs' stomach had begun to enlarge.

No medical treatment was sought during this time.

"Karma" who had been laying outside by the BBQ since January 1, was removed by the Ontario SPCA officers, and with the owner's permission delivered to the pathology laboratory in Guelph for post mortem testing. Results from the necropsy confirmed that the dog died of a 180 degree counter clockwise gastric torsion. A condition where the animal's stomach becomes twisted and is excruciatingly painful and can be fatal if not treated immediately.

The guilty plea has brought mixed emotions to Inspector Banks who has worked on the case since the initial call.

"It's frustrating that things like this have to happen at all. This dog endured a very painful death for a long time and no one cared enough to seek help.

Yes this woman has received probation, however for every 1 animal cruelty conviction that we get, there will be 50 where we don't and that is due to lack of strong animal cruelty laws." Inspector. Rachel Banks.

The trial for the co-accused is scheduled for October 29, 2007 in Barrie.
