Love forever Naomi FRANCIS, Marion (Sally) nee: Rogowsky/Welykach September 3, 1929 - August 22, 2006 *One year ago today*
The Lord came and took you away
Your memory lives strong in our hearts

We miss your smile, your laugh and wisdom
We miss the loving words and encouragement
How we wish you were still with us today

But we have to go on with the memories in our hearts
Mom I miss you more than words can ever say
But I know I will meet with you later some day
Until then I will live on with a broken heart

Your loving daughter Debbie, Gary, Granddaughter Lisa and canine pal Buddy

JEAN E. WILEY July 1,1922 - August 22, 2002

Though her smile is gone forever
And her hand we cannot touch
Still we have so many memories,
Of the one we loved so much.

Her memory is our keepsake,
With which we'll never part;
God has her in His keeping,
We have her in our heart.
Lovingly remembered by husband Norman and family

Cabinet shuffle creates 'improved match'

By Bill Rea

The shuffled cabinet that Prime Minister Stephen Harper unveiled last week was an improvement over what was already in place, according to York-Simcoe MP Peter Van Loan.

Many of the ministers are keeping their jobs, including Van Loan himself, who stays on as Government House Leader and Minister for Democratic Reform, "which makes me happy," he said.

The shuffle did see Gordon O'Connor moved from Defence to National Revenue, Peter MacKay sent to Defence from Foreign Affairs, Maxime Bernier shifted to Foreign Affairs from Industry, Jim Prentice being shifted to Industry from Indian Affairs, Chuck Strahl going to Indian Affairs from Agriculture and Gerry Ritz getting a promotion from Secretary of State status to Minister of Agriculture.

Carol Skelton, who had announced she would not be seeking re-election, has gone from the National Revenue seat to the back benches of the House of Commons. Van Loan said that really wasn't a surprise, adding Skelton's pending departure left Harper with the chance to move new talent up to the table.

He also pointed out that apart from some modest adjustments, Harper has made no significant changes to his cabinet since he formed his government early last year.

"I think it's a very good cabinet," he remarked. "I think there's an improved match to people and their talents."

Van Loan also observed that O'Connor is strong when it comes to material acquisition, but MacKay will do well with communications in the Defence portfolio.

"I think they're all very good matches," he added.

There had been speculation that Finance Minister Jim Flaherty might be switching responsibilities, but that didn't happen. And that pleased Van Loan too. He pointed out the federal

budget is balanced, the national debt is down about \$22 billion and unemployment is at a 33-year low. "I hope we're staying the course," he declared.
